

FIRST HEARING on a proposed new ordinance to regulate and eliminate blind corners at intersections in the City of Palm Springs is scheduled for 3:45 p.m. today, before the City Planning Commission. The new law, originated by the Commission, has the sponsorship of the Palm Springs Safety Council which will present as evidence photographs of dangerous corners, like the one appearing above leading onto Indian Avenue. Retail Group Elects Board For Next Year

The Palm Springs Retail Merchants Association today announced the election of 12 new members and two incumbents to its board of directors.

New members named by outgoing President Adrian Rosen were:

George Beebe Jr., Larry Quinn, H. F. Baker Jr., Bob Beck, Don Fry, Edgar L. McCoubrey, Karie Nelson, Marge St. Cyr, Howard Morris, Al Taylor, Sam Bork, William Anderson and Bill Schaff. Incumbents re-elected were Leo Baker and Claude Thompson. Appointive members are Eddie Davidson, named as representative of the Restaurant and Tavern Owners' Association; and David M. McGahey, Retail Merchants Association attorney.

Officers and chairman for the board, to serve for the 1957-58 year, will be elected at a meeting this week. The new officers will be honored at the annual association dinner for the local press at the Chi Chi Starlite Room May 14.

Marine Locked In Bar, Fights Way Out to Brig

SAN FRANCISCO (AP)—The Marines, in the person of Pvt. Howard Hvidsten, 20, landed with a vengeance on the Marines Memorial Club early today.

The Aberdeen, Wash., leatherneck staged a one-man assault on the club's 12th floor bar, smashing every piece of glassware and dozens of empty glassware in the place.

Hvidsten, who returned Tuesday from Japan, had attended a dance at the club Tuesday night and had apparently celebrated so vigorously that he was overlocked when the bar was locked up.

Glassware damage was estimated at \$500. Hvidsten was taken to the Treasure Island brig to recover from his shattering experience.

Reuther Accused Of Exploiting Labor

WASHINGTON (AP)—Sen. Barry Goldwater (R-Ariz.) charged today that Walter Reuther, president of the United Auto Workers and AFL-CIO vice president, is "exploiting the labor movement to create a machine for personal political power."

Goldwater told the U.S. Chamber of Commerce that Reuther "speaks loudly in the name of freedom" but uses goon squads, violence and the UAW's "almost limitless" treasury to impose "outright socialism" on the country.

HE SAID REUTHER'S "cynical perversion" of the labor movement "is an affront to freedom and a challenge to every citizen of our nation."

The UAW leader, he said, has "done more damage and violence to freedom" than "all the peculiar financial transactions" of teamsters boss Dave Beck who has been under fire before the Senate Rackets Committee.

Trailer Rally Committee Starts Plans for Fall Event

A special committee today mapped entertainment plans for the seventh annual Palm Springs Trailer Rally, to be held at the Polo Grounds Oct. 25 through 27. The rally, designed to give outsiders an inside look at the pleasures of trailer life, features a program ranging from cooking exhibitions and Hobby shows to games, variety shows and square dancing.

RALLY COMMITTEE members reported additional parking facilities have been obtained at Lineau Village through City Manager R. W. Peterson.

Committee Chairman Merle Hancock, of Sky Ridge Park, said the Rally will open the morning Oct. 25 and will run continuously through the evening of the 27th. Cowboy entertainers will wander through the area throughout the daily programs, and "the greatest

29 Palms Marine Base Scheduled To Get \$2 Million

Apportionment of \$2,331,000 was today earmarked for Twenty-nine Palms Marine Base in a Defense Department bill asking Congress for \$1,561,338,000 for new military construction at home and abroad.

The proposed construction bill for fiscal 1958 also gives March Air Force Base at Riverside \$2,372,000 of the total \$135,409,000 asked for military establishments in the State of California.

The new military public works bill for the year beginning July 1, proposes new construction at 271 installations in 47 states and the District of Columbia.

Other projects were listed for Alaska, Hawaii, the Caribbean, Newfoundland, Europe, the Pacific and Far East and secret projects here and abroad.

Cost of the proposed bill is actually less than the \$2,122,636,000 authorized by Congress for fiscal 1957, which ends June 30, the United Press reported.

More than half the new bill was designated for the Air Force. The Navy share was \$435,099,000 and the Army's, \$323,325,000.

hobby show ever held at a rally" will be opened to the public.

MORE THAN 50 door prizes are to be awarded during the rally days, and travel movies, dancing, campfire cooking and a variety show will take up the entertainment schedule.

Rally committee members are Bill Ridley, of Sunny Cove Park, and Gerald Thomason, of Ramon Park. Special advisory committeemen are Bob Hollister, Bill Vieth, Paul Harrison, Wilson Hall and Kay Forbes.

Rally communications and information requests should be sent to Rally Director Herb Richardson, P. O. Box 1433, Palm Springs.

Disarmament Plan by Russia Offers New Hope

LONDON (AP)—Western diplomats said today the West may be able to "make a deal" out of the new Soviet disarmament plan if the Russians drop their demand to photograph two-thirds of the United States in return for aerial photography of Siberia.

The plan, submitted by Deputy Foreign Minister Valerian Zorin at the five-power United Nations Disarmament Subcommittee conference Tuesday, accepted President Eisenhower's open skies proposal in principle but included a hitch.

The approximately equal sized "open zones" proposed by Russia actually would cover two-thirds of the U.S. and Alaska and only one-third of Russia because the Soviet Union is so much bigger.

The Zorin plan also called for immediate abolition of nuclear tests and banning of the use of atomic bombs but not their production.

Much in the plan was bound to be rejected by the West when the disarmament conference resumes Monday.

Relief Promised In Texas Floods

DALLAS (AP)—The Weather Bureau predicted relief today from thunderstorms that have swollen Texas rivers for 12 days, but flood crests still threatened a number of east Texas and Louisiana towns.

Thousands of oil wells were under floodwaters of the Sabine River in Gregg County in east Texas, and 11 families were rushed out of an oil camp Tuesday to avoid the floods.

Victoria, already hit by one flood, prepared for a 29.5 crest on the Guadalupe Rivers which would cause "considerable flooding in the city" although the major portions of it would not be affected, according to the Fort Worth Weather Bureau.

Four Parcels Of Indian Land in Sale

Includes 110 Acres In Sections 2, 10, 24, 34 in Village

Four parcels of Agua Caliente Reservation land, located in the metropolitan area of Palm Springs have been offered for sale by the Bureau of Indian Affairs, Department of Interior, in Sacramento. The land area totals 110 acres, and descriptions as well as particulars of the sale are available at the local Indian office.

The four parcels in Palm Springs are: A QUARTER SECTION of Section 24, containing 40 acres owned by Ramalda Lugo Taylor. Twenty acres in Section 10, owned by Richard Amado Miguel. Thirty acres in Section 34, owned by Ruth F. Urton Chormicle, which is subject to state highway right-of-way and Riverside County Flood Control Channel right-of-way.

Twenty acres in Section 2, owned by Francisco Patendo, Jr., subject to 40 foot road right-of-way to Riverside County.

IN THE SALE there are 28 tracts of land offered in Riverside County, 23 on the Torres-Martinez Reservation near Thermal, one on the Cabazon Reservation near Indio, and the four in Palm Springs. Sealed bids for these and other properties throughout California have been mailed to 6,000 residents of the state, and will be received at the Sacramento office, Bureau of Indian Affairs, P. O. Box 749, Sacramento 4, until 10 a.m., June 4, at which time they will be publicly opened. The appraised values of any of these lands will not be disclosed prior to sale.

Additional information on local lands sale can be obtained by contacting the Sacramento office or the field office at 132 North Indian Avenue, Palm Springs.

Bryant Remains In Critical Condition Today

Still unconscious from injuries received in the Monday night auto crash that claimed the life of his wife of one day, Arthur Lee "Bill" Bryant remained in "very critical" condition at Desert Hospital today.

Bryant, 39, suffered multiple skull fractures and severe head injuries when his auto smashed into the rear of a truck on Highway 99, near the Twenty-nine Palms cutoff, killing Mary Alice Bryant, 37.

The couple had been married one day. Bryant is manager of the Sales Market here. His wife was manager of Bill Goodwin's The Nooks hotel.

Airlines Executive Tells of CAB Leak

WASHINGTON (AP)—An airline executive testified today that an important secret decision of the Civil Aeronautics Board "leaked" to him in less than three hours after it was made. He said this was not unusual.

The witness, Robert Griffith, assistant to the president of Delta Airlines, said he passed the information along to his firm, and to Robert R. Snodgrass of Atlanta, Republican national committee man from Georgia.

SNODGRASS was summoned to testify before the Senate Investigating Subcommittee after Griffith finished his story.

Griffith testified that he got a telephone call about 11:40 p.m. last Aug. 2 telling him that the CAB had awarded a lucrative New York-Miami air route to Northeast Airlines instead of Delta.

This was about two hours and 40 minutes after the five-man CAB

Beck Agrees To Appear at Union Hearing

WASHINGTON (AP)—Teamsters President Dave Beck agreed today to appear at an AFL-CIO hearing next Monday to answer charges that the Teamsters Union is dominated by corrupt influences.

Beck made known his plans in a letter to President George Meany and to Al J. Hayes, chairman of the AFL-CIO Ethical Practices Committee which is conducting the investigation.

BECK SAID THE union's 13-man Executive Board will attend the hearing "to determine if our rights... will be accorded recognition by our committee, and without prejudice to such rights."

The question of whether the union would boycott the hearing had been up in the air since mid-April when the union's Executive Board declared that it would not attend any hearing until certain "rights" had been assured.

MEANY AND Hayes, in reply, simply told the teamsters that the hearing would be held in compliance with the AFL-CIO constitution.

Telephone Service Improved But Order Backlog Continues

By FRED C. WEIGEL

For one year the local telephone company, California Water and Telephone Company has staggered under the landslide of complaints filed against them by subscribers in the desert area, and today the situation, although improved, still has far to go.

A construction budget of \$910,000 was set last year, but California Water and Telephone Company spent more than \$1,300,000 before Jan. 1. According to Don Davis, manager of the Desert district for the company, this year's budget has been set at more than \$2,000,000.

IN PALM SPRINGS' main office, a new business office has been completed to allow expansion of dialing facilities in the building, and a new addition has been completed and equipment is already being tied into existing facilities to increase the stations.

And although the company has "pulled all the stops to bring the local service up to the standard set by the California Public Utilities Commission," figures released today by Davis show an increase in requests for new telephones as well as a slight increase in the number of orders pending for an upgrade of individual service indicating the tremendous growth of the Village.

CROWDS GIVE PRINCE, GRACE INDIGESTION

ROME (AP)—If Prince Rainier and Princess Grace didn't have indigestion today, it wasn't Rome's fault.

Hundreds of enthusiastic movie fans and struggling photographers Tuesday night stormed an old Italian restaurant where the royal couple from Monaco had attempted to dine quietly.

It took riot police and a sharp word from the Prince to get them out.

Police had preview of the head aches they were to encounter when they had to help Swiss guards hold back some 10,000 Romans jamming St. Peter's Square to catch a glimpse of the prince and his wife after their audience with Pope Pius XII Tuesday.

Interpreted As Victory For Hussein

Lebanon Official Hails Presence Of U. S. Fleet

By UNITED PRESS

Diplomatic officials in Washington reported today that Syria was prepared to withdraw its troops from Jordan within a week in a move that would strengthen King Hussein's prestige throughout the Middle East.

Hussein also appeared to be strengthening his hold on Jordan although western diplomats expressed fear the end of the Moslem holy month of Ramadan today might bring new disorders in the country.

HUSSEIN TOLD newsmen Tuesday the "crisis is ending" in Jordan after his strong steps to put down Communism there and to "oust the destructive elements" that caused trouble there.

Hussein today visited Amman's Grand Mosque, protected by his army which sealed off the building and searched the thousands of early church-goers. Hussein traveled to and from the mosque in a heavily armed convoy while troops stood by with rifles and machine guns on every rooftop and balcony along his way. There were no incidents.

UNITED PRESS Correspondent Donald J. Gonzales reported from Washington that Syria's expected action in withdrawing troops could be linked with increasing signs Moscow may be having second thoughts about its previous warm support for Egypt and Syria during the Mideast emergency.

IN BEIRUT, LEBANON, Foreign Minister Charles Malik told the United Press he welcomed the appearance of the United States Sixth Fleet in Eastern Mediterranean waters and said he hoped U.S. determination to resist Communist penetration in the Mideast would bear fruit in the near future.

Tackett Named Chairman of Sewer Committee

The special Citizens Committee which will act as a fact-finding board on a new sewer system for Palm Springs, yesterday held its organizational meeting.

William Tackett, owner of The Center, was appointed as chairman of the group, and the city engineering office will supply the committee with all reports and background material which will be used for discussion.

The City Council, following the failure of the \$3,850,000 bond issue last March 19, appointed Councilman Frank Miller as temporary chairman to build a citizens committee to study a way to finance the much needed sewer system. Fifteen persons were present at the meeting yesterday.

Late News Bulletins

WASHINGTON UP - The House Labor Committee began work today on a compromise \$2 billion school construction bill.

WASHINGTON UP - Informed sources said today Chairman George C. McConaughy probably will vacate his post with the Federal Communications Commission when his term expires June 30, and Lyle C. Newcomer, Los Angeles attorney, and formerly of Palm Springs has been mentioned as a possible appointee.

WASHINGTON UP - Sen. Harry Byrd (D-Va.) said today President Eisenhower should replace Budget Director Percival F. Brundage with a "man that's dedicated to cutting the budget."

Russian Group Refused Okeh On State Visit

SAN FRANCISCO (AP)—A delegation of Russians attending a world congress on irrigation has been refused permission to tour California's vast hydroelectric projects.

American officials said the reason is that the Russian government will not let American engineers inspect similar projects in Russia.

THE DELEGATION includes 11 scientists and engineers from Russia, together with an attaché from the Soviet Embassy in Washington, Valentin Lobachev. Visas of the 11 Russians expire next Monday, when the tour begins.

W. A. Dexheimer, head of the Bureau of Reclamation and incoming president of the International Commission on Irrigation and Drainage, said it was his "very informal understanding" that the State Department "desires some reciprocity from Russia."

He said neither the Bureau of Reclamation nor state and local agencies involved in the tour objected to the Russians going along.

"THERE IS certainly nothing secret about the dams, canals and pumping stations in the Central Valley Project," Dexheimer said. W. E. Blomgren, head of the U.S. National Committee to the Congress, told Lobachev he would have to ask the State Department in Washington to extend the Russians' visas.

applications and upgrade orders. Last month, California Water and Telephone requested a rate increase throughout its entire system, and on May 22 will appear in Los Angeles before the Public Utilities Commission to show that they need the increase to carry bonds in order to get the money to build up the system. The request is for an 8 1/2 per cent increase.

PALM SPRINGS City Council has filed a protest to the proposed increase, with the comment that the "company should come up to the specifications of PUC before getting the additional rate," but to date this is the only official action taken in this regard.

PUC Commissioner Rex Hardy, while holding the public hearing in Palm Springs during the past year, indicated on several occasions that in order for the company to bring its system up to where it would offer good service, an increase may be in line. a total of 13,975 as of March 30. In March, 1956, there were 10,020 stations in the Palm Springs exchange.

IN PERSONNEL, the company has shown a great deal of growth since the beginning of the PUC hearings in Palm Springs in April 1956. In June of last year, California Water and Telephone Company had a total of 95 employees in the Palm Springs exchange, and today that figure has grown to 200 employees.

This year the company will move into another building located on Vella Road near the Veterans Tract. The company has purchased the old Foursquare church and will move in as soon as the new church building is ready.

THE COMPANY also is constructing stations in the new addition to the building downtown, and into these will be fed 1,600 new lines which will operate a total of 2,000 terminals; in Cathedral City, the company will add 1,480 new lines, and 2,000 terminals. These lines will be used to replace some of the present ones as well as service a great part of the new have new and better service, the figure for request of upgrading is continually high.

AS PALM SPRINGS telephone exchange marks the first year

since the local subscribers brought service complaints against the company to the Public Utilities Commission, a lot has been done, but some subscribers are still complaining of the system.

One thing which will release a lot of the tension suffered by the company, will be the inauguration of the new prefix numbers, which in turn will give a greater capacity to the local office.

TO DATE THE company has been working to accomplish a maximum efficiency with the equipment they could get and have. Before Dec. 31, 1956, California Water and Telephone had installed five new switchboard positions, bringing the number to 13; added more long distance trunks to San Bernardino; added over 800 pairs of lines within town and to Cathedral City and Desert Hot Springs; installed 13 PBX (switchboards), and increased the number of stations to 13,065.

To date this year, the number of stations has been increased to 13,065. The red ground monkeys of Africa cannot swing by their tails. These simians live on plains and savannas, often venturing miles from the forest's safety.

DR. ALVAH G. HALL, left, Dean of the School of Pharmacy, University of Southern California, receives check from Manny Borun, vice-president of Thrifty Drug Stores Co., covering three full scholarships for the coming academic year. Presentation was made this week in special ceremonies at Thrifty offices.

Thrifty Continues Scholarship Program for Pharmacists

A check covering three full scholarships for the coming academic year (1957-58) was presented by Manny Borun, vice president of Thrifty Drug Stores Co., to Dr. Alvah G. Hall, Dean of the School of Pharmacy, University of Southern California, at the Thrifty general offices this week.

The presentation was coincidental to the conclusion of a two day pharmacy seminar series conducted by the University for Thrifty's pharmacists at the latter's Rodeo Road and La Brea auditorium in Los Angeles.

THIS IS THE third year that the Thrifty Drug Store firm has participated in this scholarship program, a long range plan to interest Southland students in following the profession of pharmacy.

The selection and administration of these scholarships is under the jurisdiction of Dr. Hall.

"The Pharmacist's Responsibilities" was the subject of Dr. Hall's pharmacy seminar address, while his associate, Dr. Glen Hamor, spoke on "The Tranquilizers".

ALL OF THE THRIFTY Drug Store pharmacists have been invited to attend these seminar sessions which are scheduled over a six months period.

"We are deeply honored and sincerely indebted to the Pharmacy School of the University of Southern California for providing such outstanding speakers and subjects," Borun stated.

"This lecture series will enable our pharmacists to keep abreast of recent developments in this highly specialized field."

On Call

PORTLAND, Me. (AP)—Police officers here can leave their patrol cars to investigate crimes and still remain "on call." Cruiser cars have been equipped with radio devices that enable dispatchers at headquarters to honk the horns or flash the lights of parked patrol cars to summon the officers back to their vehicles for radio messages.

THE USC SCHOOL of Pharmacy Seminar program is designed to enable the pharmacist to continue his education throughout his professional career. The seminar program, unlike most graduate seminars, takes education directly to the pharmacist.

Dr. Hall pointed out that 90 per cent of the prescription items in use today were practically unknown 10 years ago.

March Tourists Spent \$51 Million In Southland

Spring tourists are following the example of the past winter's tourists in pouring millions of dollars into Southern California, the All-Year Club reported today.

A total of \$51,694,241 was spent here by the visitors during March, according to Arthur C. Stewart, president of the organization carrying on the Southland's community advertising campaigns to build up the tourist business.

This was spent in the 11 southern counties by 283,600 visitors who came here on pleasure trips; those coming here on business or for other purposes were not counted.

The four seasons, Fall, Winter, Spring, and Summer, added up last year to 4,290,913 tourists who spent \$394,751,000, an all-time record.

Largest portion of the money was spent directly into retail trade and was distributed quickly all over the Southland.

Banning Firm Awarded Bid

The bid of the M & M Heating Company of Banning submitted last week for installation of an air conditioning system in the county offices building on the fairgrounds in Indio, was accepted by the board of supervisors this week on recommendation by the purchasing agent.

It was the lowest bid submitted.

RCA Awarded Radio Contract

A bid by Radio Corporation of America to furnish micro-wave equipment for county-wide use by the county department of communications was accepted by the board of supervisors this week on recommendation by Harvey Platt, communications director, as well as the purchasing agent and county counsel.

Chief Assistant Purchasing Agent Joseph H. Cass said the bid by RCA was the "lowest and best" of the two bids received. The other bidder was Motorola Corporation. RCA allowed \$5,000 on a trade-in of old equipment, making the net bid \$51,055.82.

Soap Box Derby Entrants To Get Disneyland Trip

A free trip to Disneyland was announced today as a special award for all boys who enter the 10th Annual National Soap Box Derby from Palm Springs.

The announcement was made by Fred Duffey of Stack Chevrolet, the local auto dealership which is co-sponsoring the event with radio station KCMJ.

DUFFEY SAID the free trip to fabulous Disneyland will be staged July 30, after the running of the area races at San Bernardino Saturday, July 13.

Special busses will take the boys from Palm Springs to Disneyland and, then back to their homes at the end of the day. At Disneyland,

each boy will be given his admission ticket and a book of tickets to the various rides.

AT NOON, A hot chicken lunch will be served the boys, in Disneyland's "largest circus tent in the world" while entertainment is staged by the "Disneyland Band and such juvenile heroes as Black Bart, Sheriff Lucky and Wally Boag.

Duffey said approximately a dozen boys already have applied for entry blanks in the Soap Box Derby. Contest outlines and help in building the Soap Box racers are available free at Stack Chevrolet's sales rooms on South Palm Canyon.

HOLMES ALEXANDER:

Mediterranean Round-Up

AIRBORNE, HOME GROUND — Two weeks with the Navy in the Mediterranean won't make an expert of anybody, but it leaves such memories and impressions as:

Congress could profitably explore the Dale Carnegie aspects of a free-running Navy. When it comes to friendship and influence, the Sixth Fleet has it all over the military bases and dog-do shops in this part of the world.

There is almost nothing "mutual" any longer about our Mutual Aid programs, be they military or economic. There may be some point in pretending to smaller nations that their contribution is useful; but it is idiotic to go on asking the sophisticated American taxpayer to swallow that.

WE COULD ACT in much better conscience by looking quite frankly to our self-interest. The Navy does this, I think, to a greater extent than the other civilian and military services.

It is indisputably necessary for the Navy ships and personnel to have both sea training and shore leave. If we can accomplish these dual purposes in distant waters, and at the same time leave the required impression upon distant peoples, we are getting the most for our money.

The Navy is the opposite of an all-or-nothing force. The Sixth Fleet is a success story because its Commander, Vice Admiral Charles Brown, an Alabama-accented diplomat, knows how to dish out influence in large and small doses.

TOTAL SECURITY is a myth. It is wiser to "live dangerously" by being somewhat under-armed than to splurge in ships and planes and try to buy the paste jewel of complete safety. It could be that we are, if anything, over-armed in the Mediterranean.

Russia has a fleet of 400 submarines; but if any large number of them are in this sealed-off

sea, they are operating at an enormous disadvantage. They could make suicidal attacks on merchant vessels and they might lob a few atomic shells ashore, but it is sheer panic to talk of the submarine, which has never been any good against warships, as a major offensive weapon.

The Sixth Fleet, a strike force to support air-ground activities, is vulnerable to nothing except air attack. The bigger the fleet the more of a target it offers, although it has the great asset of mobility. A large, ultra-modern fleet makes the area's inhabitants feel safe and steady. But the more these maritime nations rely upon us the less they will do to develop and up-date their own naval forces, which are the necessary complement of their merchant fleets.

THEY TELL IT around Rabat, capital of Morocco, that Sultan Sidi Mohammed Ben Youssef never heard the word "istiglal" (independence) until he met President Roosevelt at the Casablanca Conference in World War II.

The Sultan, now 47, was a ward-puppet of the French at the time. He has since learned a good deal about political philosophy, enough to wonder if the French can truthfully be what statesmen call a "civilizing power."

Our State Department representatives in Morocco are wondering the same thing. Both they and the Sultan are in the position of trying to get cooperation out of the French administrators and property-owners without trusting them too far.

AT THE MOMENT there are rival arguments put forward as to American aid. One says that our aid will cause the French to do nothing. The other says that American aid will shame the French before the Moroccans and force them to do something. Meanwhile, some of the West European capital which was expected

to be invested in Morocco for mining and manufacturing is drifting to Canada.

Italy is a much-aided, much-improved nation, but it's still hard to tell whether the aid caused the improvement and, if so, to what degree. Northern Italy is having a business boom, owing to capital investment and an ability to supply a strong demand for economy automobiles and motor scooters.

American businessmen and Labor leaders have refused to sign contracts with Red-dominated unions in Italy. This is the real and immediate reason for the numerical decline of Communists in the industrial cities. But the oft-quoted saying about card-carrying membership applies here: "One card for the party; another for the priest." There's little likelihood that Italian Communism has gone anywhere except underground.

IN THE ARID mountains and plains of southern Italy, Communism has held its own or even increased a little. The aid poured into these stricken provinces has sunk like water into the parched ground. In the South, as in the North, capital investment and a supply-and-demand industry is known to be the only solution.

The U.S. Information Services at Naples keeps a busy library of books and films which teach the American way. Assistant Consul Allan John French, a former Washington newspaper man, runs Naples' USIS earnestly and well. One of the features is an American language school with 400 night-school students and a balanced budget. But even this admirable effort to buy friendship in Naples and southern Italy shows the failings of its genre.

Its gains for America, if they exist, are intangible. But the Naples USIS is asking Congress — you've guessed it — for bigger headquarters, bigger school rooms, bigger salaries, and bigger scholarships. Such is always bureaucracy.

fairness, honesty, differing viewpoints.)

As to aid for backward nations: Many were economically culturally advanced before the United States came into being. Most have latent resources equal or greater than ours. Lavishing dollars upon them may or may not pull them up but continuous grants of money, precious U. S. resources, may pull us down to their present level.

Finally, Republican leadership should so shape and sustain basic policies that it will be a party different, a party not similar to the other major party, thereby giving the American voter a distinct choice in making his decisions.

PEOPLE SHORTER?

(Altoona, Pa., Mirror)

A doctor contends that people will be shorter in the next hundred years. Aw — maybe they'll reduce taxes before then.

A NASTY WORD

(Knoxville, Iowa, Express)

Just as soon as everyone is covered by social security we will be back just where we started. The only difference is that our money has been taken away from us by the government and only part of it given back. And it is only a short step to that point where everything can be taken by the government and just enough to exist upon is given back. There is a nasty word for this situation — socialism.

PROFITS ARE INSURANCE

(Franklin, Ind., Republican)

Profits are the economy's insurance policy against mal-adjustment and failure. They are no idle plaything but a vital reservoir to be tapped with great care, for the sake of both a business enterprise and the country it helps to sustain.

DEPRESSION DEFINITION

(Highland, Ill., News Leader)

In these days a depression would be a period when people do without what their parents never had.

Must Be Some Way to Unscramble An Egg

THIS SIDE of The Sun

By Phat

You get up at six
Feel so alive
'Til some jerk says
It's really five.

The guy who reminds you that, according to the sun, we're now an hour ahead of time, is probably the same delinquent who, in winter time asks you if it's cold enough for you and in summer mails you a postcard from some mountain top resort to say that he "slept under two blankets last night."

THESE NEW LIGHTS on Indian Avenue are proving quite a boon for the sparrows (if they aren't sparrows, Dr. C. E. Smith of the Desert Museum will tell me.)

During the night the bright lights attract countless moths who, after getting the hot seat, drop to the pavement totally de-mised.

Then comes the dawn and the sparrows who clutter up the pavement while having breakfast.

BUT IT'S NOT ALL largess for the birds. Many of them are so engrossed in free-loading that they lose their awareness of early morning Indian Avenue traffic which moves with speed.

And many of them are left just as dead as the moths because they forgot to flutter out of harm's way.

I hate to spoil the rosy dawn with this irritating thought but — What's going to happen if we have a late July or early August rain?

Those bright lights will attract every pesky cricket between here and the Salton Sea, that's what.

TODAY is the first day of May and I'm glad you are still here. You should be on the 31st of May, too. For May is one of the most delightful months on the desert.

Don't know what the temperature here is today because this is written early to avoid gumming up composing room operations.

But last year May came in with an 84 top and went out with a 93 maximum. In between there were six days in which the mercury hit three digits but just barely so.

WHICH BRINGS up the thought — is our climate changing?

For the second year in a row we've had an April without once climbing into the 100s. At least, up to the last time I looked which was Sunday.

Can recall when it used to warm up in April. Once I invited some friends from the mid-west who were in Los Angeles, to come out and visit us. Said it was delightfully balmy in Palm Springs in April.

Remember distinctly that it was April 16. Because the mercury went up to 116 that day. And my friends said I was balmy. That was in 1947, I believe.

Checking back over The Sun files to obtain the above data saw where we had the hottest day in history last May 23.

Due to a slip of the linotype gentleman's fingers the maximum was listed as "999."

INEZ ROBB:

Only for Entertainment

Well, sir, if I have ever had any following among the intelligentsia, this column, much as it grieves me, is going to kill it dead as a doornail.

But truth will out, and I must face up to the fact that I no longer go to the theatre to be uplifted, reformed, redeemed, morally oriented, politically educated or spiritually lacerated. I go — heaven help me for this is a damning admission — to be entertained.

And to admit that one goes to the theatre to be entertained is to make one brother with the Philistine who is crass enough to admit in public that he doesn't know anything about art, but he knows what he likes. And people have been drummed out of the Browning Society for less than that.

THESE BIG thoughts on the theatre are occasioned by the New York drama critics choice of Eugene O'Neill's "Long Day's Journey Into Night" as the best American play of the season. Nor would it surprise me if the Pulitzer Committee eventually gives the O'Neill play the nod.

But wild horses couldn't drag me into the theatre to see this four-and-one-half hours of misery picking at its sores. Twenty-five years ago, wild horses couldn't have kept me away. In those days, I was young, bouncy and a pushover for gloom and doom, especially when it ran to five and six hours at a stretch, as did O'Neill's "Strange Interlude" and "Mourning Becomes Electra."

IN THE INTERIM, however, I have covered a police beat, a war and assorted sorrows and learned all on my own that life can be lousy. Experience, with a push from time and tide, has transformed me into a tired, middle-aged woman whose feet hurt.

So now when I go to the theatre, I want a show where I can kick off my pumps and for two-and-a-half hours forget Nasser, Dave Beck, the Ku Klux Klan revival, a \$71.8 billion budget, hydrogen bombs, Bulganin, the high cost of living, confiscatory taxation, man's inhumanity to man,

the double-standard of morality toward the weak and the strong in international affairs, juvenile delinquency and racial injustice.

THE ABOVE I deal with all day long, day after day. When I go to the theatre, I don't want to pay from \$6 to \$8 per seat for more of the same. This doesn't mean that I am so middle-aged and my feet hurt so badly I am interested only in the bell-laugh on stage.

I'll buy drama and classic tragedy, but as the devil avoids holy water, so do I avoid the verminous world of Tennessee Williams and the Southern school of degeneracy. And I can take Graham Greene only in small doses.

NOR CAN ANYONE run fast enough to give me a ticket to a play whose own only sympathetic characters are the town drunk and the town prostitute. I am washed up with that dramatic school, too. I don't want to sound too sensational but I have actually known good women and kind, sober men who were decent, and Southerners who weren't lechers.

Between the ages of 20 and 40, no play was too anguished for me or too representative of the cockroach's eye-view of life. But age has hardened my intellectual arteries. I've had it!

When you see the diminutive figure of Dr. Louis Blair pass you on the street or sitting beside you watching a telecast of a prize fight, we believe you who do not know him, will take a second look at the man after reading the following. The short space allotted here can never contain the fabulous career of this man.

Dr. Blair is 74 years of age today, that is, if you ask him he will so declare. Three years ago he was stricken with a cancer of the lower lip, but he weathered that storm and came back to live and love life "more now at 74 than I did when I was 25."

SENSING A STORY in the man I began to pump him for information about his background. I learned the following:

He was graduated from the medical division of the University of Vienna in 1905. After that came a post graduate course at the University of Jenna. He emerged as an orthopedic physician. After a while he traveled to the Queen's Hospital on the Embankment in London, but was soon to leave there for the United States.

FOR TWO YEARS he traveled with the world renowned Dr. Lorenz who performed and introduced into the world of orthopedics new corrective treatment for cripples.

"I learned more in the two years I practiced under Dr. Lorenz than I did in all the years of my medical training before," Dr. Blair recalled.

The lessons he must have learned from Dr. Lorenz must have so inspired Dr. Blair to such a degree that he engaged in research most of his medical life, dealing with new and corrective ways of treating cripples.

HE STILL HAS the heart of a doctor—a doctor who is intensely interested in human beings. Here is the key to that statement: "I just love and live to help other people," he humbly declared.

It is hoped that no one will

gain the impression that Dr. Blair is still actively engaged in practice. He is not. "I am retired from medicine for more than 15 years now," he said. "I practiced for a long, long time in Pasadena, and I still have a home there but the desert and Palm Springs is my home today."

Of course there are many old timers who know Dr. Blair. He has been coming to Palm Springs for 32 years.

"WHERE DID YOU stay during all of those years here?"

"Well," replied Dr. Blair, "I stayed with Mother Coffman. God bless her soul and for a number of years I wintered at the Winter Garden here. Now I have my own home here and I'm henceforth staying in Palm Springs on a 12 month basis."

About life and living? "Just live the way you have always lived. Be kind. Harbor no bad thoughts. Never," he said with a smile, "look over your left shoulder. What has been done is done. Do better the next time around."

DOCTORS INFORMED him that his heart was bad and that he would have to slow down. Philosophically, he studied all of the medical instructions and decided that at his age it was too late to change his way of life.

"Come Bill," he interjected, "let's you and I have a good drink of Scotch. I'm for getting a kick out of life."

AND BELIEVE you me, this little man, only five feet five and one-half inches tall and 74 years of age does get a kick out of life and plans to continue to do so until he takes his last breath.

"Sure I'm married. My wife is a great woman. Robert Service, way up there at White Horse in Canada during the gold rush was her godfather. She even broke trail with that great poet as a young girl. She gets a kick out of life too. And that's enough about me, Mr. Rashall."

weren't even speaking!"

THE CHICAGO Pump Room crowd waited for Lauren Bacall. But Adlai Stevenson's closest friend, William Blair, drove her, her two children and governess from the Ambassador East out to Stevenson's Libertyville farm for brunch. In the Pump Room there was a study in contrast: Shirley Booth and leading man Frank Milan . . . denying they're getting married . . . Fran Allison and song promoter Archie Levington . . . denying they're getting unmarried.

Perry Como rejected his writers' joke about a dress in a fashion show: "I remember that dress—Milton Berle wore it once on his TV show." Perry thought Milton'd object; Berle says he's flattered if anybody says anything with Berle in it.

Speaking of fashion shows, Taffy Tittle said the best one was held by the nudists at Egg Harbor, N.J., and not one paper carried a picture!

Liberace's real charmin' at the Palace . . . spoofing himself by appearing in a metallic cloth jacket that sparkles, then excusing himself to "get into something more spectacular." He says he's read all the stories about himself and that they aren't true: "In fact," he says, "they gave me some ideas I'd never had before."

THE MIDNIGHT EARL . . . CBS Boss Paley's son had a birthday; so he took him to see a TV rehearsal . . . Fernando Lamas going into Lewis' fashion biz? . . . Joe E. Lewis opened at El Rancho Vegas and got a bouquet shaped like a Scotch bottle. Gloria Swanson, driving East, stopped off at the Sands, first visit to Las Vegas . . . Rex Smith's book, "The Biography of the Bull," out June 17, on the author's 57th birthday, is already getting raves . . . The Buddies Durgoms were given a 5th wedding anniversary party by Benny Gaines at the Miami Beach Sahara . . . Communist Pepe Romero of Mexico City is suing "The Brave One" producers claiming he was the bullfight announcer in the controversial picture and got no credit . . . Saga's Gal of the Month: Monique Retal.

EARL'S PEARLS . . . It ought to be easy to earn an honest living. There's so little competition.

WISH I'D SAID THAT: With taxes the way they are, there's only one thing worse than being poor—being rich.

TODAY'S BEST LAUGH: We have heard of a very wealthy ticket broker: "He hasn't even spent his 'South Pacific' money yet."

Sarah Vaughan, the Birdland star, opens at the Waldorf June 3. "The big difference," she says, "is that the people who wear goatees at the Waldorf had 'em before bop." . . . That's earl brother.

THE N.Y. YANKEES steal home every night — or Casey Stengel's private eyes. Pitcher Don Larsen dated calypso singer Pat Mathews in Boston, but could not get out another night, and found that another famous player had met Pat. "How could—crash Casey's sound barrier," wailed Larsen, "when I couldn't?"

Cornelius Vanderbilt—up from Miami for the usual reason, a divorce—exclaimed at the Colony: "You can even get an operation on a Diners Club card. My ex got one on mine and we

Interim Zoning Plan for Whitewater, Thousand Palms Area is Abandoned

The county board of supervisors voted unanimously this week against adoption of a proposed interim zone for the Whitewater-Thousand Palms area which would place property on both sides of Highways 60-70-99 in that area in an interim W-2 zone pending completion of a comprehensive zoning plan, when it became apparent that there is considerable opposition and no apparent support for the plan.

"We need the interim zoning for protection against a disorderly development in the area during the period of time it will take for preparation of a final plan," said Supervisor George Berkey, "but there seems to be no particular support for it."

"I THINK THIS IS due to misunderstanding. The W-2 zone is a somewhat negative type of zone, but it is protective. When the Interim W-2 zone was put in the Thousand Palms, West Indio and Rancho Mirage areas property values went up."

Tyler Suess, county planning director, also blamed misunderstanding of interim zoning for the substantial opposition to the plan.

"I DON'T BELIEVE in giving the people what they don't want," opined Supervisor William Jones, "because even if it turns out that it would have been the best thing for them they don't respect you for it."

Speakers against the zoning included John I. Rose of North Palm Springs, Elza J. Holeman of Pasadena, Dr. Charles A. Reagan of Los Angeles, E. W. Ball of Palm Springs, Stuart Allen of Whitewater, and Claire Windsor (of movie fame) Lytell of Beverly Hills. There were numerous petitions and letters, all expressing opposition.

Seven Millionth Licensed Driver Set for Late May

An unknown applicant for a California driver's license will soon become the "seven millionth" licensed driver in the state.

Paul Mason, Director of Motor Vehicles, said today estimates by the Division of Driver's Licenses indicate that the outstanding total of operator's and chauffeur's permits will pass the seven million mark by the end of May, 1957.

"THE TOTALS outstanding in recent months, and the current rate of applications received in 200 communities of the state, indicate a total of 7,000,000 valid licenses may be expected by May 31, 1957," Mason said.

He pointed out that approximately six per cent of the driving licenses are chauffeur's licenses issued for commercial operation, and that it would be impossible to determine in advance whether the "seven millionth" would go to a truck driver or a pleasure car operator.

City to Voice Opinion on Two Proposed Laws

City administrators have been directed to draw a resolution on certain bills currently before the California State Legislature, and the resolution will be officially acted upon by the city council a week from today.

Protests to a bill which calls for the discontinuation of city jails and all prisoners going through the sheriff's office will be filed, along with another opposing legislation concerning zoning near schools.

The city pointed out the zoning was an important city function, and that it should not be held up pending official action of a school district governing board.

Forest Smoking Is Prohibitive

Smoking will be prohibited in the watershed and mountain areas of Riverside County effective May 1, according to Forest Supervisor Sim E. Jarvi, San Bernardino National Forest, and Truman Holland, State Ranger for Riverside County.

County Ordinance 311, Section 7, makes it unlawful for any person to smoke within the boundaries of the National Forest or in the high fire hazard areas except at posted smoking areas, improved campgrounds and places of habitation.

State and Federal Foresters requested that persons living or visiting these areas give their full cooperation by observing the "No Smoking" rules.

Theft of \$644 Is Reported

Catherine Wright of the Rancho Cafe at Rancho Trailer Park, reported to police today the theft of \$644 in checks and cash from the restaurant till.

She told police that she had seen no suspicious persons around the restaurant.

SCHOOL DANCE held at Palm Valley School brought all the students out in semi-formal apparel for the big event. The reception line was made up of, left to right, Mrs. J. Blake Field, Miss Edna Torrence, J. Blake Field and Jon Torrence, who are shown greeting, left to right, Alice Ann Webb, David Tomlinson, Sandy Grant and Tom Meranda. The dance is one of the biggest annual social events held at the school. A four piece orchestra played music for dancing, and the room was decorated with hundreds of balloons.

Indio Zoning Hearing Set

May 27 at 10 a. m. was set by the board of supervisors this week as time for a hearing on a proposed amendment to the West Indio district interim zoning which would change the existing interim C-P zoning along 45th Avenue west of Monroe Street to the All American canal, to I-R-1 single family residential zoning.

The zoning change has been recommended by the planning commission for protection of existing developments in the area which they state is predominantly developed with subdivisions deed restricted to single family residences.

"MOST SUCCESSFUL" said Warren Danielson, principal of Cielo Vista school in commenting on the huge crowd that attended the Cielo Vista Festival Saturday night. Game booths line the asphalt court to the south of the building, and everyone won prizes for their skills. Food and refreshments were sold and children enjoyed

donkey rides on the school grounds, cake walk, ring toss, grab bags, fortune telling, and dart skills. Hundreds of adults and children visited the event, which was sponsored by the Cielo Vista Parent-Teachers Association. Members of the P-TA manned the booths and ran the games. (Desert Sun Photo).

HOW PLYMOUTH'S BIG ECONOMY WIN AFFECTS YOU!

If you're an average driver, you wouldn't have had a chance in this year's Mobilgas Economy Run. It takes seasoned professionals to win in this kind of competition.

Every car of every make entered in the 1957 Mobilgas Economy Run was a new 1957 stock model. Every car was carefully tuned for the Run and the cars were piloted by real experts in this exacting kind of driving. Naturally, the mileage they got is higher than the figure you can expect.

The way this race—and all previous Mobilgas Economy Runs—was judged is another area that should interest you:

Cars of different weights and engine displacements cannot compete on an equal basis. Such a competition would produce misleading miles-per-gallon figures. If miles-per-gallon were the only consideration, a motor bike could run away with first place. Obviously, other factors must be considered.

In order to give all cars a fair chance, the engineers used ton-miles-per-gallon as their yardstick—and as a basis for the official Mobilgas Economy Run prizes. This establishes a definite relationship between gasoline consumed, distance traveled, and weight carried. It is the only measure of gasoline economy that has any real significance to the engineers—or to you as an average motorist.

Now look at the results of the Run with the above thoughts in mind: Plymouth swept its field—First Place winner in "Class A," the division that included all the well-known low-price cars. As certified by the United

States Automobile Club, Plymouth's official ton-miles-per-gallon led the entire "Class A" field.

Bear in mind, too, that Plymouth's winning mark was set using a V-8 engine with TorqueFlite automatic transmission. Several of the losing cars in Plymouth's division used 6-cylinder engines—supposedly more economical. But Plymouth beat every car in sight, 6's and V-8's alike.

But here's what Plymouth's victory *does* mean to you: The Plymouth you buy at your Plymouth dealer's is the same, engine for engine, part for part, as the Plymouth that won the Mobilgas Economy Run.

The superior engineering that enabled Plymouth to run away with first place is built into *every* Plymouth. And that means you can expect economy that will save you real money in ordinary driving.

So before you invest a dime in any automobile, it's to your advantage to compare all three low-price cars. Compare them for economy... for beauty... for riding and handling ease... for performance. Then make your decision.

Only Plymouth dares to make so bold a challenge, because only Plymouth, of the low-price 3, has so many three-years-ahead features, yet leads its field in day-in, day-out economy.

Prove it to yourself. Your Plymouth dealer will be glad to give you a guest drive at your convenience.

Entertain for Their Houseguests

Weekend visitors at the home of the Howard Matthews on Driftwood Drive, were his brother and wife, Mr. and Mrs. Don Matthews of Los Angeles. Friday evening the Matthews entertained them at an outdoor steak barbecue with Villagers Barney Adelaars joining them. Saturday evening the visitors were entertained at dinner at Dezi Arnaz's Western Hills hotel for dinner and the following morning, Sunday, Mr. and Mrs. Ed Gardner of Palm Desert were hosts at brunch at Shadow Mountain Club.

The Kermitt Pollacks of Arcadia are present houseguests of the Matthews.

Around Town

with Hildy Crawford

It's May Day . . . and the summer weather . . . along with the profusion of flowering trees and gardens . . . reminds you of earlier days . . . when it meant dancing around a maypole . . . or hanging a basket of flowers on the door of your true love . . . Traditionally, May is the culmination of April . . . whose showers are credited with bringing the May flowers . . . and Maytime's a prelude to June the wedding month . . . It has a hearts and flowers aura . . . and days as rare as June's . . . so nice that all who can, linger on . . . enjoying a new feeling of informality . . . and the al fresco parties that are so delightful . . .

Florence and Rudy Halm have canceled their European trip because of several business matters pending . . . and will be in Palm Springs most of May . . . They think now that they may go on a world cruise next winter . . .

Anne Gougler will hostess a luncheon at El Mirador tomorrow . . . honoring her houseguest Mrs. Andrew Robinson of Akron, Ohio . . . and Miss Aline Allison of Cleveland, who is visiting Mrs. William Eisenman . . . The group, which will meet at Mrs. Gougler's home at 275 Vereda Norte for pre-luncheon cocktails . . . includes Eleanor Kane, Pearl McManus, Mickey Wheeler, Theodora Fleming . . . Margaret Manasse, Mill Eisenman, Joan McManus and Janice Chiquoine . . .

Blanche and Chester Garfield will be here for the weekend . . . and to attend the Sunday night cocktail-buffet being given by Vicki and Billy Malouf . . .

Dorothy Gray and Harry Joe Brown will honor several friends . . . who are about to leave for the summer . . . when they entertain around 50 at a cocktail buffet on Friday evening . . . One of a series of parties, this one will be mostly Chicagoans . . .

May Day Festival On Friday

"An American May Day" will be the theme for the annual May Day Festival to be held at Ca-huilla School on Friday evening at 8 p. m. The crowning of the Queen, Diana Hechter, will be a highlight of the evening, which will have the winding of the Maypole by the sixth grade as its finale.

There will be a parade of nations with children from each class, wearing garbs of all the nations, and there will be dances from Mexico, Hungary, Canada, England and the United States. Refreshments will be served by a committee headed by Mrs. Louis Olivastro and Mrs. Richard Rahm. The festival is open to the public and will be held on the back playground at the school.

Spend Week Here

Mr. and Mrs. Joe Hooven and children Jeffrey and Joe Jr. of Hollywood spent a week in the Village as guests of Paul Herrick at his home on Ridge Road. Hooven is staff arranger for ABC and has written several musical scores for motion pictures.

Taste treat . . . Ham corn ring. Add ½ cup of diced, cooked ham to corn bread batter. Bake in a ring mold in a hot oven (425 degrees) about 25 minutes. Fill center with cooked vegetables, topped with a sharp cheese sauce.

Ranch Club's Annual Luau On Friday

Palm Springs Ranch Club will hold its annual luau, an authentic Hawaiian costume party, on Friday night, with the music starting at 7 p. m.

This gala event brings back the very popular Danny Kusana and his troupe of South Sea Islanders and the Club will be appropriately decorated for the occasion. The ladies will receive, gratis, fresh flower leis flown in from the islands and colorful Polynesian dress will be much in evidence. To further the South Sea Island theme tropical fruits, exotic drinks and Polynesian food will be served.

In addition to the Danny Kusana group Duke Mitchell and his Trio will entertain and for the dancing pleasure of the members and their guests there will be the Reno Reno Trio featuring Clessa Williams.

Klotzbuecher Son Is Christened

Six week's old David Donald Klotzbuecher, son of Mr. and Mrs. Don Klotzbuecher was christened Sunday, following mid-day services at St. Paul's in the Desert Episcopal Church, with Rev. W. A. Blondon officiating at the rites.

Godparents were Mr. and Mrs. Ward Risvold and Dr. Benjamin Goldberg.

Following the christening, there was a small dinner at the Risvold home on Mesa Drive, where they were joined by the baby's great grandfather Floyd Green, who is here with his daughter and son-in-law, the Risvolds.

Spending Month In the Village

Mr. and Mrs. Fred LemBerger and her mother Mrs. Marianne Quandt of Hollywood are spending a month in the Village at Berry's Salda.

LemBerger was stationed with the British army in Germany where he met his wife, and Mrs. Quandt has recently arrived from Germany.

LemBerger is associated with the Glendale Country Club in Sherman Oaks.

Blubarb Jam

The U. S. Department of Agriculture reports something new is bubbling in the jam pot. It's blubarb jam, a combination of rhubarb and blueberries. The department said the new sweet—developed by one of its research divisions—is made of equal parts of two fruits, neither of which used alone is well suited to jam production. The rhubarb alone is too expensive and too tart for wide appeal; blueberries are too bland in taste when preserved.

Mr. and Mrs. Bill McDowell from Newport Beach were visiting in the Village over the weekend.

BIRTHS

Mr. and Mrs. William Daugherty of 34-671 Corregidor, Cathedral City, are the parents of a son, born at the Desert Hospital April 26 at 10:23 a. m. The baby weighed seven pounds, eleven ounces.

A seven-pound, one and one-half ounce daughter was born to Mr. and Mrs. Jimmy Lasteo of 32-619 Shifting Sands Drive at 3:52 p. m., April 27.

Born on April 29, at 12:35 p. m. was a seven-pound, 13½ ounce baby girl for Mr. and Mrs. George Ezell of Bullion Mountain, Marine Corps Base, 29 Palms.

Mr. and Mrs. Arthur Jurado of 245 South Calle Santa Rosa, are the parents of a son. The baby was born at 1:55 p. m., April 27, and weighed seven pounds, seven and one-half ounces.

Racquet Cup Tourney Set for May 11, 12

Eighth annual Racquet Cup Invitational Tennis tournament at the Racquet Club, traditional closing week event, will be held on May 11 and 12, Charles Farrell, club owner, announced today.

There will be mixed doubles and men's doubles in two divisions—Championship Flight and Class A Flight.

More than 100 top tennis players will participate in the events.

IN VITATIONS have gone out to the defending champions in each division and they are expected to be on hand to defend their titles.

Winners in the Champion Flight Men's Doubles last year were the father and son combination of Vince Fotre Sr. and Vince Fotre Jr.

The Mixed Doubles in the Championship Flight were won by Mrs. Corky Olerich and Keith Larsen.

SOME OBSERVERS contend the Braves lacked fire and drive to crash through when they had to win a big one. But they seem to have taken on a new aggressiveness since Jackie Robinson's off-season charge that night-clubbing by several key men cost them the flag.

Spahn at 36 says that he is "in as good a shape as ever" and feels that he is "as good a pitcher as I ever was."

"A few years ago they were saying that I had lost my fast ball," he grins. "Well, I won't say I'm as fast as ever but the trouble was with my knees. I underwent operations on both of them and, not being forced to favor my legs any more, I feel that I'm pretty well set."

A 20-GAME WINNER in seven of his 12 years as a Brave, the loose left-hander has had his greatest difficulties against the Brooklyn Dodgers. His lifetime mark is 13 wins over them against 24 defeats.

"I can't understand it," he shrugs. "If I pitch a good game, we don't get any runs. When we get the runs, I pitch a terrible game."

Spahn, a rubber-armed pitcher with pin-point control, has however, been rough this season on another of the top challengers the Braves must beat to win the pennant. Two of his three opening victories have been over the muscular Cincinnati Reds, one of the Braves' top rivals, with the other coming opening day as he hurled a four-hitter against the Cubs.

The ageless veteran may be in for one of his finest seasons. To do it, he's counting on the hitters. His own, that is.

Hamia Predicts He'll Beat Hogan Bassey

MONTREAL (U.P.)—Smiling Cherif Hamia, a pocket-size Marcel Cerdan, predicted today he will beat Hogan (Kid) Bassey of Nigeria for the featherweight championship following his methodical 10-round decision over unranked Bobby Bell of Youngstown, Ohio.

The fast, sharp punching French-Algerian scored his 33rd victory in 35 fights Tuesday night with a wide margin victory over the crafty Bell.

MURDEROUS YANKS? ALMOST LOOKS LIKE IT

A BIT DECEIVING, to be sure, is this picture but actually there is no murderous intent here by Gil McDougald, with the war club. The Yankee infielder was just trying to get out of the way as Billy Martin came sliding into home on a triple steal against the Senators in Washington. (International)

TRYING FOR TRIPLE TRIPLE CROWN

TIED WITH Rogers Hornsby with two "triple crown" championships, Ted Williams of the Boston Red Sox is off to a good start to wind up with his third. Ted won the "triple crown"—batting, runs batted in and home runs—in 1942 and again in 1947. Hornsby won the honor in 1922 and in 1925. (International)

Musial, Williams Showing No Signs of Nearing Retirement

By MILTON RICHMAN

United Press Sports Writer

Stan Musial is murdering the ball at a .476 clip and Ted Williams is right up there at .426, so if there are any questions about either slowing up, please don't ask them within earshot of all those shell-shocked National and American League pitchers.

Musial claims he'll quit only after he collects his 3,000 hit. He got

his 2,800th and his 2,801st against the Pirates Tuesday night and his last hit was a 13th inning homer that gave the Cardinals a 6-5 victory.

Williams says he'll hang 'em up when he has enough money but if he continues to blast the ball as he did Tuesday night—with three hits, including a homer in Boston's 3-1 triumph over Kansas City—he might decide to keep going indefinitely.

In other American League games, Chicago held on to first place with a 6-1 decision over Baltimore; Cleveland defeated Washington, 5-1, and Detroit nipped New York, 2-1, in 10 innings.

Giants Shutout Braves
The Giants blanked the Braves, 4-0; Brooklyn topped Chicago, 10-9, in 10 innings, and Cincinnati defeated Philadelphia, 6-3.

Musial's game-winning blow came off Pirate relief ace Elroy Face after Pittsburgh had rallied with five runs in the ninth to send the game into extra innings. Wally Moon and Del Ennis also homered for the Cards.

Williams slammed a homer, double and a single off Kansas City loser Ned Garver. Knuckleballer Willard Nixon limited the Athletics to three hits.

Sports Car Club In Economy Run

Palm Springs Sports Car Club staged its second annual Economy Run last Sunday, a 102-mile affair around a circular course from Palm Springs to Idyllwild and down to Banning.

The course led up the Palms to Pines highway with a stop at Idyllwild and then down the Idyllwild-Banning road to Banning.

Dick Hill in an MG won the Class I run; Duane Allen, in a Porsche and R. Mayo in a TR-3, were winners in Class II.

Class III trophy went to Charles Reichert in a T-Bird.

Rally Master for the day was Ray DeCrane.

Robinson to Gamble
Says Manager in
Disclosing Switch

TALE OF THE TAPE

CHICAGO (U.P.)—Here's the tale-of-the-tape for tonight's Gene Fullmer-Sugar Ray Robinson middleweight title fight:

Fullmer	Robinson
34 years	26 years
138 lbs.	160 lbs.
5 ft. 8 in.	5 ft. 11 in.
49 in.	48 in.
38 in.	36 in.
41 in.	38 in.
17 in.	15 in.
25 in.	19 in.
16 in.	18 in.
15 in.	11 in.
15 in.	10 in.
12 in.	11 in.
9 in.	9 in.
7 in.	7 in.

CHICAGO (U.P.)—Sugar Ray Robinson will shoot the works and gamble on a knockout tonight in his age-vs-youth return title fight with middleweight champion Gene Fullmer at Chicago Stadium.

That last-minute disclosure was made today by George Gainsford, long-time co-manager, who said, "Ray will cut loose with everything he's got and try for a knockout in six or seven rounds."

"He couldn't beat Fullmer by boxing him over the distance at New York in January; so he'll go all-out to stop him early this time."

Accordingly, the expected 14,000 fans will see 36-year-old Robinson gamble on tagging 25-year-old Fullmer with the first knockout of his career or suffering a kayo loss that will send him into permanent retirement.

PROMOTOR JIM NORRIS predicted a gate of \$200,000. An additional \$100,000 has been paid for ABC's national telecast and broadcast at 10 p. m. e.d.t. There will be a TV blackout on a 150-mile radius in the Chicago area.

Stocky, muscular Fullmer, a mining welder from West Jordan, Utah, took the 160-pound crown from slender Ray on a unanimous 15-round decision at Madison Square Garden, Jan. 2.

Tonight's return 15-rounder stimulated the heaviest fight-betting in years. The champion is favored at 2-1, and it's "even money" that Robinson doesn't last the distance. A month ago, Fullmer was a 4-1 choice.

If Ray beats Gene tonight he will be the first man in history, in any division, to win the same title four times. Robinson was also a welterweight 147-pound champion before he campaigned for the 160-pound bonnet.

SINCE COPPING the title Fullmer has had two non-title bouts with Wilf Greaves and Ernie Durando and suffered a brow cut in each. And he was unimpressive in training. However, the Mormon mauler is a chips-down fighter, not a gymnasium performer. His 40 victories in 43 fights attest his prowess.

Robinson lost but five of his 147 bouts, and he was stopped only once—when he collapsed between rounds from the heat in his attempt to wrest the light heavyweight crown from Joey Maxim in 1952. Because of his rare prowess, most experts have tabbed him "an all-time great."

If tonight's show draws its expected \$200,000 gross gate, each fighter should wind up with about \$70,000. Each receives 30 per cent of the net gate and TV-radio money. It would be Fullmer's largest purse.

Tonight's fight will be scored by a referee and two judges on a five-point system. The winner of a round gets five points, and the loser, from one to four. For an "even" round, each gets five points.

FANS IN FOR RIP-SNORTING SEASON IF MAJORS KEEP UP PRESENT PACE

By EARL WRIGHT

United Press Sports Writer

NEW YORK (U.P.)—Major league fans and players are in for a rip-snorting season if the rest of the campaign matches the first two weeks.

In some ways, the opening days of the 1957 season resembled a page from the "Raging '20's." Here are some of the zany antics that enlivened the first two weeks.

Manager Birdie Tebbetts of the Cincinnati Redlegs called pitcher Lew Burdette of the Milwaukee Braves "a cheating spit-baller."

President Warren Giles of the National League said Burdette pitched a "dry" ball.

Tebbetts didn't apologize to any Burdettes.

Don Hoak of Cincinnati fielded a ball hit by one of his teammates to prevent shortstop Johnny Logan of Milwaukee from trying for a double play.

Four days later, both major leagues adopted a rule to prevent such light-hearted fielding forays by base runners.

Before Sal Maglie threw a ball against the New York Giants, manager Bill Rigney of the Giants warned that Brooklyn batters would go down like ten pins if Sal "dusted off" Willie Mays. Sal had a stiff neck and didn't even pitch.

The Pittsburgh Pirates hit three straight home runs off Brooklyn's Don Newcombe, the winningest pitcher in the majors last season.

BURDETTE PRESSED his advantage, asked Tebbetts to apologize to the entire Burdette family.

Go ahead rubarbars.

RECEIVING CONGRATULATIONS from C. M. Deasy, right, president of the Southern California Chapter, American Institute of Architects, is newly elected secretary-treasurer of the first district chapter ever established by the A.I.A., Robson Chambers of Palm Springs. Chambers was installed during the first meeting of the Inland District of the Southern California Chapter, American Institute of Architects.

Chambers Named Officer In New Architect Chapter

CHAMBERS NAMED 2 24 2... ing," you will be better able to offer your services to these many surrounding communities and encourage your members to participate in civic affairs and let your cities know of the vital part architecture plays in planning as well as building.

Others elected to serve with Secretary-Treasurer Chambers were Amos Randall, Pomona, chairman; and Herman Ruhau, Riverside, vice chairman.

Attending the meeting from Palm Springs besides Chambers were William F. Cody, Albert Frey, Donald A. Wexler and Stewart Williams.

PRESIDENT DEASY installed the new officers and told the group that as members of the Southern California Chapter they are in the third largest A.I.A. Chapter in the country.

"We have realized for some time how the areas surrounding the Los Angeles metropolitan center are growing," Deasy said, "and it has become apparent that such an organization as we are instituting tonight is necessary to keep up with this rapid architectural growth."

"AS THE INLAND District Chapter," he told the more than 50 architects attending the meet-

Gange to Tell Of CofC Meet

A nationally prominent speaker, Gary Gange, is scheduled to deliver the keynote address Friday at the sixth annual Economic Conference at Riverside's Mission Inn.

Gange, who addresses United States Chamber of Commerce in Washington, D.C., tonight, will speak on highlights of the three-day chamber session at the Riverside conference.

Sponsored by the chambers of commerce, boards of trade and boards of supervisors of Riverside and San Bernardino Counties, the conference is aimed at an interchange of ideas and discussions between leaders of both counties.

Advance reservations for the conference should be mailed to the Riverside County Board of Trade at the County Court House in Riverside. Cost of registration, luncheon and sessions is \$5.

Light Bricks

PALM SPRINGS RESIDENTS Helen and William J. Emig were hosts to 24 flyers of Santa Cruz County recently. Bill Emig Is One-Man Tourist Bureau; Keeps Doing Good

William J. Emig, year-round resident of Palm Springs and night driver of the local "Village Bus," is a white-haired, effervescent man past 60 who will never grow old. He keeps too busy running a "one-man tourist bureau" on behalf of Palm Springs and in doing "good turns" for others.

Although semi-retired, he never relaxes. When he isn't taking someone on a "first flight" in a private plane, he is greeting a new arrival at the Palm Springs Airport. He may be found making a tossed green salad for 20 of his neighbors or writing a song parody to amuse his friends who reside beside him and his wife, Helen, at their trailer home in Rancho Park.

VERSATILE AND energetic, Bill Emig knows no dull moments. Flying is his favorite sport. He learned to fly in San Jose after World War II, taught by his daughter, Florence, a former member of the Women's Air Force. From 1946 to 1950 Bill Emig and his wife made many flights throughout the west in their small plane, a Cessna 140. They lived then in Santa Cruz County.

Today Bill tags himself "President of the Hangar Bums Union" and for a reason. He knows what it is to land at a strange airport needing fuel, food and a bed, only to find a grumpy greeting, a reluctant gas-fill and indifferent answers to questions about rooms.

TO MAKE their entertainment

good time for the visitors that the coastal pilots calendared their "must return" flight to Palm Springs this year.

These visitors from the land of Big Trees, begonias and berries have come to think of Palm Springs and Bill Emig as synonymous, so ardently does he boost his desert home and so aptly does he interpret its fabulous growth and fantastic populace. And he has reason to sing the praises of Palm Springs, for to him it has meant "life."

IN 1950 WHILE living at Sunset Beach on the fog-swept shores of Monterey Bay, Bill Emig contracted an infection which he could not shake. He developed a cough and chest pains which puzzled the doctors. He was thumped, x-rayed, heat-treated, "shot," then advised to have surgery.

Before submitting to the scalpel, he decided to try the curative properties of desert sun. He and his wife moved here in the winter of 1950 and in a short time he began to regain his health. The past seven years have brought him complete recovery and an eternal zest for life.

Luckier than Ponce de Leon, Bill Emig found the "Fountain of Youth" in Palm Springs. Here he expresses his innate "love of people" in a variety of outlets—at the airport, on his bus run, or at his trailer park home. This is a way of life much in contrast to his business years, many of them given to public service as sheriff of Santa Clara County.

ABOUT TIME
AUGUSTA, Me. — A bill was introduced in the Maine legislature seeking to repeal an 1821 law that prohibits farmers from driving their hay wagons down public roads with naked scythes hanging over the side. Rep. Frank M. Pierce, sponsor of the repeal measure, said: "I think the old law has outlived its usefulness."

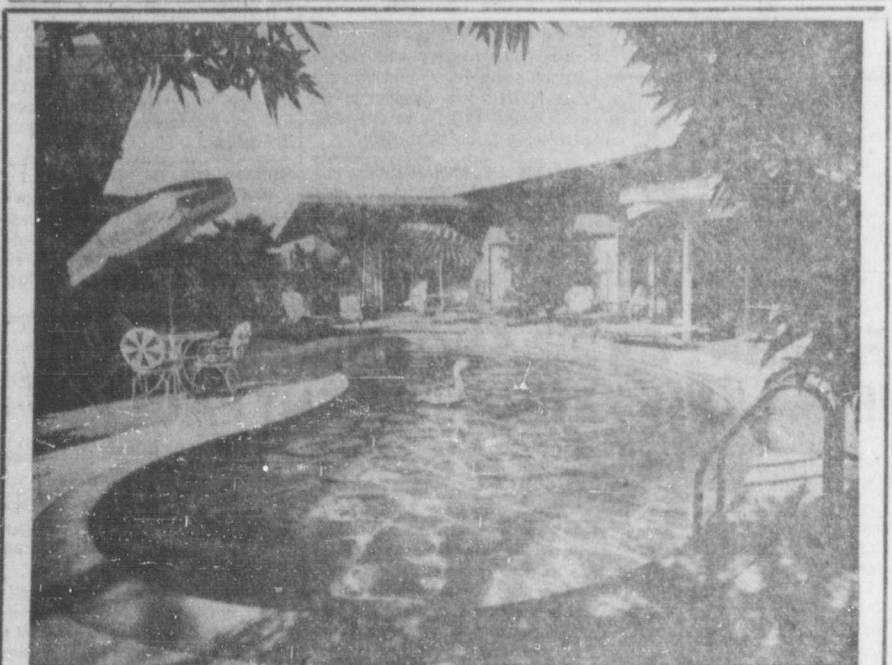

Over half the high school boys in the country and one-third of the high school girls have part time work, according to the Institute of Life Insurance.

County Ponders City Issues on June 11 Ballot

A request by the City of Blythe for inclusion on the June 11 special county building bond issue election ballot, of three Blythe City bond issues, was referred by the supervisors this week to county counsel for recommendation and to the county clerk for data as to additional costs which would be incurred by the addition to the ballot.

Supervisor Curtis Chamberlain pointed out that the City of Banning has been refused a similar request.

"WE'VE ALREADY told them we want nothing else on the same ballot," said Chamberlain. He said San Jacinto and Corona and possibly other cities are considering the placement of local issues on the June 11 ballot.

In addition to the county building bond issue the June 11 ballot will have on it the election of a 15-member Board of Freeholders to prepare a county charter.

CHAMBERLAIN SAID he is willing to go along with consolidation of the election for the City of Blythe provided all other cities are notified they will be given the same opportunity if they desire it.

The Blythe municipality is to vote on three bond propositions, one for \$153,000 for a municipal building, another for \$78,000 for a fire station, and a third of \$92,000 for a police department and jail.

The present number of dairy cows on farms in the United States is the smallest in two decades, but milk production is at an all-time high.

BICYCLIST RUDOLPH LEVKO, 48, of 4273 San Raphael, suffered a broken leg when he was knocked over by a passing car Sunday night. Police said Levko was pedaling his unlighted bike alongside East Ramon Road, near St. Theresa

School, when he was apparently sideswiped by an auto driven by Delbert A. Davitt, 36, of Palm Springs. Inspecting the bicycle is S/Sgt. Walter Mothershed, of the military police of Twentynine Palms Marine Corps Base. (Desert Sun Photo).

Supervisors Schedule Light Agricultural Zone Change Hearing Monday, May, 27

A public hearing will be held May 27 at 100 a. m. on a proposed

amendment to the county zoning ordinance providing for inclusion of certain uses in the A-1 light agriculture zone, according to a determination made by the board of supervisors this week on recommendation by the planning commission.

Planning Director Tyler Suess told the supervisors that the commission held a hearing on the proposed amendment April 9 at which no one appeared to speak either for or against the proposal. He said that previous to the hearing

the commission had held extended discussions with farm groups and the consensus was that the amendment is both desirable and necessary.

Under the amendment the following uses would be allowed in a light agriculture zone: nurseries, greenhouses, orchards, aviaries, apiaries (subject to Ordinance 244), the raising of field crops and tree crops, berry and bush crops, and vegetable, flower and herb gardening on a commercial scale including the drying, packing, canning, freezing and other accepted methods of processing of fruits, nuts, vegetables and other horticultural products.
